Where can I find 20ft shipping containers for sale?

You can find 20ft shipping containers for sale right here! Boxhub is the nation's favorite shipping container marketplace. We have 20ft shipping containers available for sale in both new and used condition—and can deliver them straight to your property within 5 business days.

Can a 20ft shipping container be used as a storage shed?

If you can name it, a 20ft shipping container can probably do it. 20ft shipping containers are a popular alternative to building a storage shed, given their compact design and weatherproof steel exterior. Some businesses have even transformed 20ft boxes into industrial batteries to support the storage of renewable energy.

Should I buy a used 20ft shipping container?

If you're looking for a budget-friendly container for static storage purposes, we recommend purchasing a used 20ft shipping container. Used 20ft containers have been retired by the world's shipping lines after around 15-20 years of use.

How do I choose a 20ft container?

Choose a 20ft used container. If you're looking for a box to transform into a container office, home, or pool, we recommend purchasing a new 20ft container. 20ft new containers, also known as "one-trips", have been used once before being sold for non-shipping purposes.
