

**EQACC SOLAR**

# **200 kW energy storage power station**

## Overview

---

What is a Megatron battery energy storage system?

Discover the MEGATRON Series – 50 to 200kW Battery Energy Storage Systems (BESS) tailored for commercial and industrial applications. These systems are install-ready and cost-effective, offering on-grid, hybrid, and off-grid capabilities. Here's why they stand out:

What is the best battery energy storage system?

Exploring the Differences Between On-Grid, Off-Grid, and Hybrid Battery Energy Storage Systems MEGATRON 50kW to 200kW Battery Energy Storage Solution is the ideal fit for light to medium commercial applications. Utilizing Tier 1 LFP battery cells, each commercial BESS is designed for a install friendly plug-and-play commissioning.

What solar systems work with Megatron battery energy storage systems?

Inquire Now! ATLAS Commercial and HERCULES Carport PV systems perfectly pair with MEGATRON battery energy storage systems. MEGATRON 50kW to 150kW systems can be paired with 50kW to 100kW's of PV. Each BESS has either 50kW or 100kW solar inverter integrated into the containerized system.

What are the benefits of a solar energy storage system?

It offers peak shaving, energy backup, demand response, and increased solar ownership capabilities. Additionally, this energy storage system supports grid-tied, off-grid, and hybrid solar systems and can be used with diesel generators.
