Overview

What is a grecell h2400 solar generator?

The GRECELL H2400 is a powerful and versatile solar generator designed to provide reliable and clean power for various needs. With its high capacity and strong inverter, it can effectively charge electronics, power household appliances, and even support medical devices and electric vehicles.

What is a grecell h2400 power station?

GRECELL H2400 power station utilizes 2 100-watt PD outlet ports designed for super-fast charging which can charge type-c port electronic devices super-super-fast, which means your phone/pad/laptop will reach 80% power within half an hour. The LED light features Half Bright - All Bright - Strobe - SOS four modes.

Why should you choose grecell 2400 watt solar generator?

Our customers are our major priority. GRECELL 2400-watt solar generator is lightweight and portable at only 55 lbs. Super quiet operation at only 52 decibels, allows for effective operation without disturbing your friends and neighbors.

How fast is grecell h2400 charging?

With ultra-fast charging from a Max 1200W household AC input allows full recharge GRECELL H2400 within 1.6-2 hrs, in 1.8hrs or less by dual charging by solar panels and AC (1200W Max), saves charging time and brings your device back to work safer and faster.
