

EQACC SOLAR

2kWh portable solar container outdoor power

Overview

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.

Why should you choose a solar storage container?

Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy. Lower energy/maintenance costs ensure operational savings.

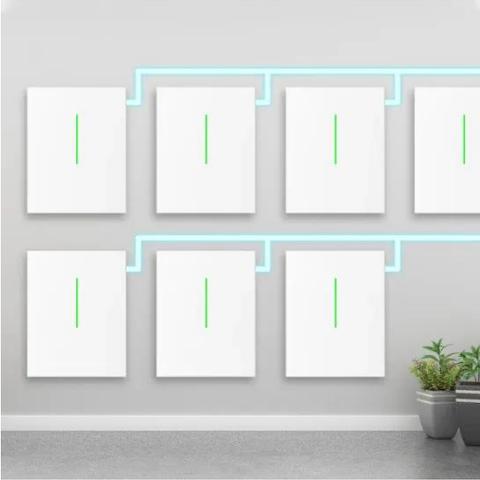

Does Jackery Explorer 2000 V2 use a solar charging cable?

The Jackery Explorer 2000 v2 uses a DC8020 solar charging cable. The SolarSaga 200W cable has DC7909 and DC8020 connectors; simply remove the L-shaped DC7909 plug and connect using the straight DC8020 plug to link the power station to the solar panel I ordered the solar generator, but I only received my power station or solar panel.

How long does a Jackery Explorer 2000 V2 solar generator last?

The Silent Charging mode provides a full charge in 5 hours at just 30dB, perfect for uninterrupted sleep and work. Durable for 10 Years: The Jackery Explorer 2000 v2 Solar Generator comes with a LiFePo4 battery that lasts up to 10 years, making this safe, compact power station a dependable long-term investment.
