

EQACC SOLAR

620W solar panels

Overview

What is a risen 620w solar panel?

Risen 620W solar panels are built for distributors, EPCs, and installers who want real-world kWh with simple, low-risk engineering. The n-type TOPCon half-cell platform with a bifacial, dual-glass structure captures extra rear-side light and keeps output stable in heat and low light, helping you use fewer strings and trim BOS cost.

What is a JA Solar 620w bifacial solar panel?

The JA Solar 620W Bifacial Solar Panel harnesses dual-sided power generation for optimized energy capture. Ideal for residential and commercial installations, it features advanced PERC technology and enhanced durability, ensuring reliable performance and efficiency.

What is a bifacial solar panel?

The JA Solar 620W Bifacial Solar Panel is an advanced solution for maximizing your solar generation capacity, perfect for both residential and commercial applications. Engineered with cutting-edge bifacial technology, this panel delivers superior efficiency by capturing sunlight on both the front and rear sides, enhancing overall energy harvest.

What is a risen 620w n-type Topcon?

Risen 620W n-type TOPCon, bifacial dual-glass modules for C&I and utility projects—more energy per string, long warranties.
