# **Abu Dhabi No 1 Middle School rooftop solar panels**

## Overview

---

How many solar panels are installed at Warner Bros World Abu Dhabi?

Warner Bros. World Abu Dhabi: The Warner Bros. World Abu Dhabi solar rooftop PV project includes an estimated 16,000 solar modules placed across the theme park's roof area of 36,000 square metres and will produce nearly 40 per cent of its annual energy demand. The total installed capacity is 7MWp. The plant was inaugurated in March 2023.

What are the different solar power plants & projects in the UAE?

This page provides information about the various solar power plants and projects in the UAE. Al Dhafra Solar PV is the world's largest single-site solar power plant. The 2GW Al Dhafra Solar PV plant was inaugurated in November 2023. It was built in a single phase.

Does Masdar City have a solar energy project?

Masdar City's latest solar energy project sends a clear message: innovation, sustainability, and growth can coexist. By integrating solar technology into schools, data centers, and urban architecture, the city offers a replicable model for green urban development.

How many solar modules are used in Masdar City & MBR solar park?

The 10-megawatt (MW) Masdar City Solar PV plant employs 5MW of polycrystalline silicon modules and 5MW of thin-film solar modules, while the first 200MW of Phase 3 of the Mohammed bin Rashid Al Maktoum (MBR) Solar Park employs polycrystalline solar PV modules.
