

**EQACC SOLAR**

# **After-sales service for 15MWh photovoltaic container**

## Overview

---

How long does it take to ship a solar container?

Standard solar container models can be manufactured and ready to ship in as little as 4-6 weeks. Customized configurations can take up to 8-10 weeks, with shipping times varying by destination. Do you offer after-sales support for mobile solar PV containers?

.

How a solar power container can meet the electricity demand?

Solar power Containers can meet the electricity demand of the engineering site through rapid deployment. Port electricity supporting scene; Seawater desalination scene; Island floating shelter scene. Port . By integrating efficient photovoltaic modules and energy storage systems, solar power container can .

What is a solar panels on shipping container?

It not only transports the PV equipment, but can also be deployed on site. It is based on a 10 - 40 foot shipping container. Efficient hydraulics help get the solar panels ready quickly. Due to its construction, our solar panels on shipping container offers unmatched flexibility and maneuverability.

Why should you choose LZY solar panels on shipping container?

Efficient hydraulics help get the solar panels ready quickly. Due to its construction, our solar panels on shipping container offers unmatched flexibility and maneuverability. Sensitive solar arrays can be effectively protected from storms, vandalism and all possible threats. What is LZY's mobile solar container?

## After-sales service for 15MWh photovoltaic container

### Mobile Solar Container Manufacturers

Senta Energy Co., Ltd. - Mobile Solar Container Manufacturers and Turnkey Solar Containerized Power Plant Suppliers, Movable Solar Power Plant, PV Solution in China.
