Overview

Who makes the best folding container house?

We offer you the BEST folding container house for your needs. HSA is the leading global manufacturer of container house that combine R&D, manufacturer, sales, and service for folding residential containers, folding mobile rooms, folding mobile containers and folding site containers.

What is a folding container house?

The folding container house is a portable modular house that adopts a prefabricated design for easy transportation and quick installation. Sometimes called foldable or expandable container houses, these feature a steel frame with collapsible sides that can be folded during transportation and unfolded on site.

Are folding container houses a good investment?

Folding container houses have good fireproof, waterproof, corrosion resistance, sound insulation, and performance. It can resist 11-level strong wind and 10-level earthquake. This collapsible container house is the best-selling type of product as a quick-deployment accommodation for company employees in the city.

What are the advantages of a folding container house?

The advantage of the folding container house is that it is easy and quick to install. It only takes 4 minutes, 4 people and 1 crane to build a house. Greatly save manpower and time. Dimensions: W (2.5M) x L (5.8M) x H (2.45M) The folded height is only 42 cm. 100% folds for easy transport. 1*40'HQ can hold 5~20 units.
