

**EQACC SOLAR**

# **After-sales service for 500kWh mobile energy storage container**

## Overview

---

What is A 500KW Megatron battery storage system?

500kW MEGATRON - 20 foot Containerized Commercial Battery Energy Storage System designed to for On-Grid and Renewable Energy Projects.

How can a container be used for energy storage?

Containers can be placed together to create even larger energy storage banks (1MW with 2, 1.5MW with 3 etc.) One of the largest energy storage battery systems available! Every solar storage system requires an effective battery bank that can help in storing the energy and using it to the utmost later on.

How much does an energy storage system cost?

20 Year Design Life The energy storage system is essentially a straightforward plug-and-play system which consists of a lithium LiFePO<sub>4</sub> battery pack, a lithium solar charge controller, and an inverter for the voltage requested. Price is \$387,400 each (for 500KWH Bank) plus freight shipping from China.

What energy storage container solutions does SCU offer?

SCU provides 500kwh to 2mwh energy storage container solutions. Power up your business with reliable energy solutions. Say goodbye to high energy costs and hello to smarter solutions with us.

## After-sales service for 500kWh mobile energy storage container

1075KWHH ESS

### 500kW Battery Energy Storage System

MEGATRONS 500kW Battery Energy Storage Solution is the ideal fit for commercial applications. Utilizing Tier 1 LFP battery cells, each commercial BESS is designed for a install ...
