

**EQACC SOLAR**

# **After-sales service for Wellington 120kW solar container**

## Overview

---

Do you offer after-sales support for mobile solar PV containers?

Yes, we offer comprehensive after-sales support including remote monitoring, maintenance services and technical support. Why should you choose a solar system in Wellington?

Our range of solar systems offers the perfect balance of savings, sustainability, and resilience. Perfect for Wellington homeowners who want to stay connected to the grid while enjoying significant savings on energy bills. Ideal for those seeking energy independence and backup power during outages, while still maintaining a grid connection.

Is Wellington a good place to invest in solar energy?

Enjoy clean, renewable energy on your terms with \$0 upfront. With 2,053 annual sunshine hours and moderate energy costs, Wellington presents a compelling case for solar energy adoption. The region's consistent solar performance and growing installation rates demonstrate the viability of solar power even in the windy capital.

What is a solarcontainer?

The Solarcontainer is a photovoltaic power plant that was specially developed as a mobile power generator with collapsible PV modules as a mobile solar system, a grid-independent solution represents. Solar panels lay flat on the ground. This position ensures maximum energy harvest Panels lays flat on the ground.

How long does it take to ship a solar container?

Standard solar container models can be manufactured and ready to ship in as little as 4-6 weeks. Customized configurations can take up to 8-10 weeks, with shipping times varying by destination. Do you offer after-sales support for mobile solar PV containers?
