Angola Energy Storage Power Supply Factory Branch

Overview

Which countries supply power equipment to Angola?

In addition, European companies (Germany, Portugal) supply equipment to the energy sector. Portuguese, Brazilian, and Chinese construction companies generally lead in project construction. Electric power-related equipment (HTS 8411) exported to Angola in 2022, was valued at US\$ 14.8 million.

Which companies are active in Angola?

U.S.-based power product and solutions companies active in Angola include GE, Cummins, Caterpillar, and Westinghouse Turbines, among others. In addition, European companies (Germany, Portugal) supply equipment to the energy sector. Portuguese, Brazilian, and Chinese construction companies generally lead in project construction.

Does Angola export electricity?

Currently, Angola has no major import or export capability for electricity. The planned interconnection with Namibia via the Baynes hydro power plant (600 MW) would link Angola to the Southern African Power Pool.

Why does Angola need more electric power?

Increasing electric power availability to diversify the economy and meet the increasing energy demand of a growing population is among the Angolan government's highest stated priorities.
