Argentina New Energy Storage Power Station Project

48V 100Ah

Overview

This week, the Argentinian government opened bids for the AlmaGBA tender, initiated in February 2025 to procure 500 MW of battery energy storage system (BESS) capacity for critical nodes in the Buenos Aires Metropolitan Area (AMBA) grid, enhancing reliability during peak demand. Can battery energy storage modernize the grid in Argentina?

The Argentina's ambitious push toward grid modernization through battery energy storage has received an enthusiastic response, with CAMMESA (Compañía Administradora del Mercado Mayorista Eléctrico) confirming the submission of 27 project proposals from 15 companies under its AlmaGBA program.

How much energy does Argentina need for a battery energy storage system?

Argentina's first energy storage tender has lured proposals for 1,347 MW of combined capacity, indicating a high investor interest that significantly exceeded the 500-MW target. Battery energy storage systems (BESS) License: CC0 1.0 Universal (CC0 1.0) Public Domain Dedication.

Does Argentina have a battery storage tender?

Argentina has opened a \$500 million battery storage tender aimed at adding 500 MW of new energy storage capacity in the Buenos Aires metropolitan area. The AlmaGBA program, managed by CAMMESA, offers long-term contracts with fixed payments and financial guarantees to attract developers.

What is Argentina's first energy storage tender?

(USD 1.0 = EUR 0.860) Loading. Argentina's first energy storage tender has lured proposals for 1,347 MW of combined capacity, indicating a high investor interest that significantly exceeded the 500-MW target.

Argentina New Energy Storage Power Station Project

Energy-Storage.News

In this Energy-Storage.news roundup, Energy Vault enters the Swiss energy storage market, ZincFive raises Series F financing, and ...

Argentina's first energy storage tender ...

Argentina's first energy storage tender drew 1.347 GW of bids from 15 companies proposing 27 projects, exceeding the 500 MW target ...

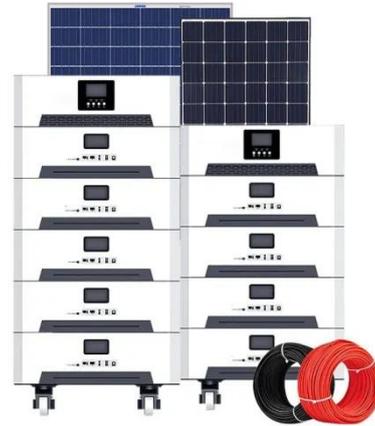

WHAT ARE THE SOLAR ENERGY STORAGE POWER STATIONS IN ARGENTINA

What are the new energy storage base stations in the Dominican Republic Construction has started on the first major solar-plus-storage project in the Dominican Republic, which features ...
