# Australian Solar Pump Retrofit Company

## Overview

---

Who are solar water pumps Australia?

First hand farming experience and knowledge from all staff plays an important part in the design and application of each system. Solar Water Pumps Australia P/L have been designing and installing pumping solutions in Australia and overseas for 35 years with a well proven and trustworthy record.

What are Commodore Australia solar pumps?

Commodore Australia 's solar pumps are designed and manufactured for efficient water management in the Agriculture industry and on off-grid properties. Submersible Solar Bore Pumps, Surface-Mounted Solar Pumps, and Workhorse Hybrid Solar Pumps ensure efficient water management for irrigation, livestock watering, or storage needs.

Who is a solar pump system supplier?

Solar Pump System Supplier - Think Water designs, supplies, installs and maintains solar pump systems utilising state of the art technology.

Who is Australian bore pumps?

Australian Bore Pumps is an Australian company dedicated to bringing value to its customers. Our main focus is on our customers in regional and remote areas of Australia. We are not a reseller of cheap Asian imported products. Our engineered solar pump systems are designed and manufactured in Australia.
