

# Austria lithium energy storage power supply custom manufacturer

## Overview

---

Who is Wolfsberg lithium?

We aim to be the first local lithium supplier into an integrated European battery supply chain. Located 270km SW of Vienna, in Carinthia, Austria, Wolfsberg is a hard rock lithium deposit with historical exploration a JORC resource, with exploration upside.

What is European lithium's Wolfsberg Lithium Project?

Having lagged behind, Europe is now investing billions of Euros to transform its auto industry and become a leader in electrified mobility. European Lithium's Wolfsberg Lithium Project is in the heart of Europe's burgeoning cluster of battery manufacturers. Confirmation \* You agree to add your personal information to our mailing list.

What is lithium used for?

Lithium is a highly versatile metal that is widely used in glass and ceramic manufacture, aluminium smelting, greases, air treatment, metallurgical powders, polymers and a variety of speciality salts and pharmaceuticals. Lithium is a key component of Li-ion battery chemistry; the dominant rechargeable battery technology.
