

# Baster Tool Battery

## Overview

---

What is a power tool battery?

A power tool battery is a type of rechargeable battery designed to power portable power tools. Our power tool batteries are designed to match or exceed the manufacturers requirements for these tools. Assembled from only high quality Japanese cells, these tool batteries will hold up to the worst conditions and continue to perform.

Are all power tool batteries the same?

But not all batteries are the same. Before choosing the right power tool for your collection, you need to know about power tool batteries. The task you are performing and how often you use the tool will make a difference. It should be noted that there is no such thing as a universal battery charger for power tools.

Which battery is best for a power tool?

If you want to invest in a good-quality power tool, first of all you better know which batteries are among the best selling options: DeWalt DCB184b-XJ - 18v 2.0ah xr li-ion battery pack: This battery offers 18V and 2.0Ah.

Do all cordless tools need a battery?

Every cordless tool needs a battery to function. But not all batteries are the same. Before choosing the right power tool for your collection, you need to know about power tool batteries. The task you are performing and how often you use the tool will make a difference.
