

**EQACC SOLAR**

# **Battery for hybrid energy room of solar container communication station**

## Overview

---

What is Sunway ESS battery energy storage system (BESS)?

Sunway Ess battery energy storage system (BESS) containers are based on a modular design. They can be configured to match the required power and capacity requirements of client's application. Our containerised energy storage system (BESS) is the perfect solution for large-scale energy storage projects.

What is a containerised energy storage system (BESS)?

Our containerised energy storage system (BESS) is the perfect solution for large-scale energy storage projects. The energy storage containers can be used in the integration of various storage technologies and for different purposes. For installation manual, technical datasheet, inverter adjustment/testing or configuration, please send us inquiry.

What is included in a battery room?

The battery room includes battery racks, fire cabinets, BMS control cabinets, Air conditioning and lighting, smoke detectors, etc

## Battery for hybrid energy room of solar container communication st

---

### Commercial use of solar container batteries for ...

Uninterrupted power supply for photovoltaic 5g communication base stations Base station operators deploy a large number of distributed photovoltaics to solve the problems of high ...
