

**EQACC SOLAR**

# **Beijing Container Factory Energy Storage Box**

## Overview

---

What happened at an energy storage power station in Beijing?

Firefighters work in the accident site in an energy storage power station in Fengtai District of Beijing, capital of China, Ap. Two firefighters died when they were putting out a fire in an energy storage power station on Friday.

What is a containerized battery energy storage system?

Our's Containerized Battery Energy Storage Systems (BESS) offer a streamlined, modular approach to energy storage. Packaged in ISO-certified containers, our Containerized BESS are quickly deployable, reducing installation time and minimizing disruption.

Who is Xinyuan Smart Storage?

In the field of energy storage systems, Xinyuan Smart Storage, guided by market and customer needs, actively develops and designs new products, while doing a good job in the application and iterative design of existing products.

How safe is Huijue's containerized battery system?

Safety is a top priority for Huijue's Containerized BESS. The containers are constructed to meet rigorous safety standards, and the battery systems incorporate multiple layers of protection, including thermal management, fire suppression, and overcharge/overdischarge prevention.
