

**EQACC SOLAR**

# **Beijing portable solar panel manufacturer**

## Overview

---

Where are solar panels made in China?

Most solar panel manufacturers are based in the provinces of Zhejiang, Jiangsu and Guangdong. These are also the most industrialized provinces in China. You can easily get to factories in Zhejiang and Jiangsu by first flying to Shanghai, from where you can get on the high speed train.

Who are the leading manufacturers of solar panels in China?

The leading manufacturers of solar panels in China are Chipsea Technologies (Shenzhen) Corp., Shanghai GenTech Co., Ltd., KBC Corporation, Ltd., and Trina Solar Co., Ltd.

Why should you choose China solar panels?

**Brand Reputation:** The company enjoys a strong brand reputation for reliability and performance. China's dominance in the solar panel industry is evident through the success of these top manufacturers. Each company brings its own strengths to the table, from technological advancements to global distribution networks.
