

EQACC SOLAR

Belgrade s largest energy storage power station

Overview

Will Serbia develop a large-scale solar plant?

The Serbian government has called for the development of a spatial plan for six large-scale solar plants with a cumulative capacity of 1 GW that will be colocated with two-hour battery energy storage systems with a power output of at least 200 MW.

When will solar & battery facilities be delivered in Serbia?

The solar and battery facilities shall be delivered by J. Government representatives were quoted earlier this year saying that construction could start already in 2024. According to the Association of Renewable Energy Sources of Serbia, the country has installed around 95 MW of solar.

Who will install a solar power plant in Serbia?

Mid last year, the government embarked on a lookout for strategic partners who would install the facilities, including 1,000 MWac (1,200 MWdc) of solar plants and at least 200 MW of battery storage. The facilities will be handed over to state-owned power utility Elektroprivreda Srbije (EPS), which acts as a sole owner and investor.

Does Serbia have a solar project?

Last April, Serbia switched on its largest utility-scale solar project, the 9.9 MW DeLasol PV project in Lapovo, central Serbia. Presently, the country is looking to introduce new renewables-related regulation. Under the proposed changes to the Law on Energy, Serbia is looking to abolish net billing and net metering by the end of 2026.

Belgrade s largest energy storage power station

Serbia announces 1 GW solar, 400 MWh battery storage sites

Six large-scale solar plants colocated with battery energy storage systems should be delivered by mid 2028.

Serbia Energy Storage Power Station: Powering the Future or ...

Why Serbia's Energy Storage Game Matters (Spoiler: It's Not Just About Batteries) Let's cut to the chase: when you hear "Serbia energy storage power station", do you imagine ...

Fortis Energy buys solar and storage project ...

The project will be in Sremska Mitrovica, Serbia. Image: Fortis Energy Turkey-based developer and IPP Fortis Energy has acquired a ...

Fortis Energy buys solar and storage project in Serbia

The project will be in Sremska Mitrovica, Serbia. Image: Fortis Energy Turkey-based developer and IPP Fortis Energy has acquired a solar and battery energy storage ...

Serbia receives first two grid applications for battery energy storage

Serbia's transmission system operator Elektromreza Srbije received two grid connection applications for battery energy storage systems. They are the first energy storage ...

Belgrade large energy storage project

The battery park will store the average energy consumption of 330.000 families annually and feed it back into the electricity grid. A THOUGHTFUL LOCATION GIGA Storage Belgium has ...
