What Is a Battery Management System?

What are BMS products?

As electronic systems, BMS products play a pivotal role in monitoring and managing the performance of rechargeable batteries in various energy storage systems, including lithium battery, lead acid battery, and lifepo4 battery modules and packs, which are widely used in battery-powered applications.

What is a battery monitoring system (BMS)?

BMS performs several functions, including monitoring the battery's state of charge, state of health, and state of safety. The design and operation of BMS are critical in ensuring the safety and efficiency of EV batteries.
