

Black Mountain container used as distribution box

Overview

Who is Bonner Mountain containers?

Good pricing, and great customer service.” Explore The Bonner Mountain Containers Difference! Bonner Mountain Containers is a local supplier of various types of storage containers throughout Missoula, Montana and the surrounding areas.

What is a distribution box?

1) What is the distribution box?

“A distribution box, also called a distribution panel or board, is a cabinet that contains electrical components used for the delivery of electricity to several circuits of a system.” This is essentially the area in which activities and specifically electricity distribution within a building are coordinated.

What are the different types of distribution boxes?

Metal Distribution Boxes: This kind of box is generally constructed using either steel or aluminium. These are often placed in locations where there are safety requirements such as structures that need to be fire resistant. Plastic Distribution Box: They are constructed out of non-metallic materials, such as PVC or polycarbonate.

What is a container dwelling?

Unlike traditional housing and other types of popular alternative living spaces like prefab or tiny houses, container dwellings have the added benefit of being easily scalable. And of course, the industrial aesthetic is truly unique, especially when set in a natural setting.
