

EQACC SOLAR

Bolivian Container Energy Storage Products Company

Overview

Can Bolivia become a green energy superpower?

The partnership between MOBI and EnergyX highlights the thriving innovation environment in Bolivia, and will take the country one step closer to becoming a green energy superpower.

Can Bolivia become a global powerhouse in electric micro-mobility?

MOBI CEO Ariel Revollo: “Latin America has the capacity to become a global powerhouse in electric micro-mobility, and we believe Bolivia can be the leader of this transition.

What is China's Energy Storage Center?

Through strategic partnerships with the Chinese Academy of Sciences, Zhejiang University, and the University of Electronic Science and Technology of Chengdu, the center advances the development and application of cutting-edge energy storage technologies. The company operates advanced energy storage factories with a total capacity of 4GWh.
