Bulk purchase of 20kW mobile energy storage containers for construction sites

Overview

Where can I buy shipping containers for construction?

Shipping containers for construction are available through Mobile Modular Portable Storage. Rent or buy these containers for easy, secure job site storage.

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.

Why do you need a solar container unit?

Our solar containers ensure fast deployment, scalability, customization, cost savings, reliability, and sustainability for efficient energy anywhere. With our pre-configured solar container unit, you can get going quickly, and the folding solar panels for containers can be deployed in less than three hours.

What is mobile modular portable storage?

Whether you need construction shipping containers for storage or office space at your job site, Mobile Modular Portable Storage has secure, high-quality solutions for rent or sale. Our construction site container offices feature HVAC units, lighting, and pre-stubbed phone and data lines as standard features.
