# **Bulk purchase of 20kW off-grid solar container units for shopping malls**

## Overview

---

### Do I need battery storage for a 20kW Solar System?

Whether you need battery storage for a 20kW solar system depends on your goals. If you have grid access and just want to reduce your energy bill, battery storage is optional but recommended. Incorporating battery storage into your solar system is a reliable and effective way to store surplus solar energy for later use.

### What is a 20kW Solar System?

Achieve energy independence with our 20kW solar systems. Generating approximately 2,000 to 3,000 kWh of AC power a month, 20kW solar systems are ideal for large households with several EVs and huge energy demands. Choose from a selection of grid-tie and off-grid 20kW solar systems, or get in touch with our experts for a custom system!.

### What appliances can a 20kW Solar System power?

A 20kW solar system has the capacity to power a variety of household appliances, making it a robust choice for energy independence. Here are examples of appliances that a 20kW solar system can typically power: Lights: Light up a larger home with numerous energy-efficient bulbs.

### Where can I buy a 20 kW solar system?

Featuring daily updates with the lowest prices on solar panels, SunWatts has a big selection of affordable 20 kW PV systems for sale. These 20 kW size grid-connected solar kits include solar panels, DC-to-AC inverter, rack mounting system, hardware, cabling, permit plans and instructions.
