# **Can I bring a portable power bank to Kuwait City**

## Overview

---

Can I ship a power bank internationally?

**A Complete Guide** Yes, you can ship a power bank internationally, but strict regulations apply due to lithium battery risks. Airlines and couriers require compliant packaging, safety certifications (UN38.3), and hazard labels. Prohibited destinations include Iran, North Korea, and UAE.

How to travel with a 20,000 mAh power bank?

Keep your 20,000 mAh power bank in your carry-on bag for easy access at security. Check for CCC Mark for China Travel: If flying out of China, ensure your power bank has a clear CCC mark and isn't recalled. If in doubt, rent or buy a compliant power bank in China to avoid confiscation. Verify Airline Policies: Rules vary by airline and country.

Can you travel with a power bank?

Inspect for damage: Do not travel with a power bank that's cracked, swollen, leaking or overheating. Get approval if needed: Contact your airline in advance for any power bank between 101 Wh and 160 Wh and carry written proof of approval.

Can you put a power bank in a bag?

Avoid using a power bank inside a bag as it can overheat. Power banks are treated the same way by most airlines because the rules come from safety bodies like IATA (International Air Transport Association) and the FAA (Federal Aviation Administration). The good news is that the important points are pretty straightforward.
