# **China high voltage switchgear in Australia**

## Overview

---

Who are the leading switchgear manufacturers in Australia?

Major players in the market include ABB Ltd, Schneider Electric SE, and Tamco Switchgear Malaysia SDN BHD. In November 2023, Ausgrid, at Westfield Miranda in Sydney, made a significant stride by installing Australia's inaugural Siemens blue gas insulated (GIS) medium voltage switchgear.

What is a high-voltage switchgear?

Our high-voltage switchgears, transformers and power stabilisation devices are core products in commercial and private utilities systems alike, and our control systems are installed to ensure stable operation that is both environment-conscious and highly efficient.

Where are our switchgears made?

Our growing capability encompasses an extensive range of switchgear for substations, overhead distribution and underground cables. Our core range is locally manufactured at one of our three Australian facilities. This range is augmented by our single-source partner Sieyuan Electric in China to provide additional voltages and technical solutions.

Who is Australian power equipment?

Australian Power Equipment supply high voltage equipment to industries throughout Australia. We are the Agents for Untel, B&D, Leistung, & others and can fulfil orders for new equipment, for sale or hire. We have an extensive Inventory of stock available for immediate sale or hire. We can source critical equipment quickly.
