

EQACC SOLAR

China solar powered generator in Melbourne

Voltage range

636V-876V

Rated voltage

768V

Cell type

Lithium iron phosphate

Overview

Where are the best solar generator factories in China?

Home to some of the top Solar Panel Manufacturers in China, Shenzhen is a bustling nexus where innovation meets practicality. Companies here benefit from a well-established network of suppliers and advanced logistics, making it an ideal location for solar generator factories.

Why are solar generators so popular in China?

The relentless pursuit of sustainable and renewable energy solutions has propelled the solar generator market to new heights, particularly in China, a global hub for manufacturing and innovation. Among the myriad products gaining popularity are solar generators for home, industrial solar generators, and various portable solar power stations.

Who is generator power?

Generator Power is dedicated to enhancing operational efficiency across Australian industries with our range of Yanmar and Himoinsa solar generators. We understand the unique energy challenges and opportunities in Australia and are poised to offer tailored, sustainable, and efficient power solutions.

Why is ISO 9001 important for solar generator manufacturers in China?

ISO 9001 is a crucial certification for solar generator manufacturers in China as it sets the standard for quality management systems. This certification ensures that the manufacturers have efficient and repeatable processes in place, enhancing product reliability.

 **Efficient**
Higher Revenue

 **Intelligent**
Simple O&M

 **Flexible**
Abundant Configuration

- Max. Efficiency 97.5%
- Max. PV Input Voltage 600V
- 1500W Peak Output Power
- 2 MPPT Trackers, 100% DC Input Overvoltage
- Max. PV Input Current 16A, Compatible with High Power Modules

- IP66 Protection Degree: support outdoor installation
- Smart I-V Curve Diagnosis Function: locate PV string faults accurately and automatically detect faults
- DC & AC Type II SPD: prevent lightning damage
- Battery Reverse Connection Protection

- Plug & Play, EPS Switching Under 10ms
- Compatible with Lead-acid and Lithium Batteries
- Max. 6 units Inverters Parallel
- AFCD Function (Optional): when an arc fault is detected the inverter immediately stops operation
