

EQACC SOLAR

Container trailer power generation

Overview

What is a containerised generator?

Our Containerised Generators deliver robust, high-capacity power from 300–3,000 kVA in secure, weather-resistant enclosures. Designed for challenging environments and critical applications, they offer noise reduction, easy transport, and bespoke configuration to meet your site's exact needs.

Are Jenbacher containers available for gas engines?

Jenbacher containers are available for Type 2, 3, 4 and 6 gas engines. Our containerized solutions ensure excellent reliability for your power and heat generation needs.

What is a type 6 generator container?

Our Type 6 generator containers consist of two or three pre-assembled modules, depending on the engine type and the application. The overall package (gas engine, container, and auxiliary components) is available for 65, 70, 75 and 80 dB (A) in 10m (surface sound pressure level according to DIN 45635).

Why should you choose Jenbacher containerized gas power generation solutions?

Jenbacher containerized gas power generation solutions offer a variety of benefits to our customers, thanks to distinctive product features: See for yourself.

Container trailer power generation

MOBIPOWER Hybrid Clean Power Containers

MOBIPOWER containers are purpose-built for projects where energy demands go beyond what a trailer can deliver. These rugged, self-contained systems integrate large solar ...

Genset Container Trailer Solutions, Efficient and Portable Power

Designed to revolutionize power generation and facilitate mobility, our Genset Container Trailer is the epitome of versatility and reliability. Equipped with state-of-the-art ...

Containerized Generators

Our line of containerized generators is easily configurable to the needs of any application, from rental to disaster relief to mining -- with a whole host of value-added standard features, ...

Trailer Type Genset

Trailer Type Genset Raller power station is suitable for customers who often move or need outdoor mobile power generation, this series of Genset have high mobility, low center of ...
