

EQACC SOLAR

Cote d Ivoire power station generator

Overview

Does Eranove have a power plant in Ivory Coast?

A producer of water and electricity in Africa, Eranove entered a concession agreement with the Government of Ivory Coast for the power plant in 2018. The agreement covered financing, design, construction, operation and maintenance of the plant.

What is a 400kV power plant?

The 400kV network is the first in the country aimed at reducing energy transmission losses. The natural gas required to fuel the power plant will be supplied from the existing Foxtrot pipeline, which is located 3.5km south of the project site. Foxtrot is an oil and gas company based in Ivory Coast.

How many jobs will The Atinkou power plant generate?

It is estimated to generate approximately 2,500 direct and indirect jobs during the construction phase, as well as 100 direct jobs during the operational phase. The Atinkou power plant is being built on a 30ha site located in the village of Taboth. Taboth is in Jacqueville prefecture, approximately 30km west of Abidjan.
