

EQACC SOLAR

Danish mobile base station equipment solar project bidding

Overview

What is better energy & Andel doing in Denmark?

Better Energy and Andel join forces to build 15 solar energy parks in Denmark, with a total capacity of 2 GWp, in a billion-euro investment towards the country's green transition. Soltec and CIP have joined forces to drive the green transition in Denmark, selling 850 MW of early-stage solar projects to CIP's Energy Transition Fund I.

Is encavis ready to build 132mw solar project in Denmark?

GreenGo Energy and Encavis announce ready-to-build status of 132MW solar project in Denmark. Strategic partnership between both companies results in over 500MW of subsidy-free solar energy & almost 400MW of solar parks in Denmark, set to be operational in 2026.

Where is better energy deploying its first battery storage project?

Developer Better Energy is deploying its first major battery storage project, a 10MW/12MWh system, at one of its solar PV plants in Denmark.

Will cloudberry buy a 210MW solar & wind project in Denmark?

Cloudberry Clean Energy ASA takes an exciting step with the purchase of a 210MW hybrid solar & wind project in Denmark, with 168MW of power generating capacity. Join Cloudberry and Skovgaard on this ambitious project for a 30-year lease - and beyond! GreenGo Energy and Encavis announce ready-to-build status of 132MW solar project in Denmark.
