# **Data Center Uses Brunei Solar Container 5MWh**

## Overview

---

Is Brunei a data center?

The data center is currently the only one listed in Brunei on Data Center Map and Data Center Journal, potentially making it the nation's first of note. The ALC is currently projected to go live by Q3 of 2025. Subscribe to The Data Center Construction Channel for regular news round-ups, market reports, and more.

Where is the UNN data center located?

Construction has begun at the Unified National Networks (UNN) data center located at the UNN Tungku Submarine Landing Station in Brunei. A groundbreaking ceremony was held for the facility which will span 51,000 sq ft (4,740 sqm) when completed and house 200 racks supplied by Vertiv.

Is UNN launching a 5G data center?

UNN is also working with the Berakas Power Company to install a second independent power feed at the site. UNN CEO Dr. Steffen Oehler said that the data center is arriving at the perfect time, "as our fiberization project is in its final phase and 5G services were just launched in June."

Which countries will connect to UNN data center?

The subsea cable will connect Hong Kong, Singapore, the Philippines, Brunei, Hainan, and China and will land at the UNN cable landing station where it will connect to the upcoming data center. The data center is currently the only one listed in Brunei on Data Center Map and Data Center Journal, potentially making it the nation's first of note.

## Data Center Uses Brunei Solar Container 5MWh

### China-Brunei joint venture launches solar energy project

Hengyi Industries is a petrochemical joint venture between Zhejiang Hengyi Group and Damai Holdings, a subsidiary under the Brunei government's Strategic Development ...

### 5mwh battery compartments the ultimate energy container ...

In the evolving landscape of renewable energy, 5MWh battery compartments housed within robust energy containers have emerged as a transformative solution for solar ...
