## Overview

---

Why should you choose insulated containers?

Whether food, medical products or sensitive goods – our insulated containers ensure reliable temperature maintenance to keep your products fresh and safe at their destination. With high-quality materials and sophisticated design, we combine excellent protection with easy handling and sustainable reusability.

What is a tunnel shipping container?

Tunnel containers provide two access points, they have two sets of standard double-doors (one at each end of the container) making it easy to access both ends of the shipping container. Tunnel Shipping Containers are typically purchased by clients who want improved access to the contents of their container.

What is a Feurer insulated container?

FEURER insulated containers offer the ideal solution for the transportation and storage of temperature-sensitive products. Whether food, medical products or sensitive goods – our insulated containers ensure reliable temperature maintenance to keep your products fresh and safe at their destination.

Are tunnel shipping containers available for resale?

Tunnel shipping containers are typically only available in new ‘one trip’ condition, owners typically create them for a specific purpose so they hold onto them. There aren’t many tunnel containers available for resale in used condition.
