# Dublin Electrochemical Energy Storage

## Overview

---

Does ESB have a battery plant in Dublin?

ESB has officially opened a major battery plant at its Poolbeg site in Dublin, which will store excess renewable energy for discharge when needed. It said the facility will add 75MW of fast-acting energy storage to help provide grid stability.

Does Ireland have a battery energy storage system?

Ireland's ESB has opened a battery energy storage system at its Poolbeg site in Dublin. Operational since November, the battery plant is capable of providing 75 MW of energy for two hours to Ireland's electricity system. It features high-capacity batteries that store excess renewable energy for discharge when required.

What is ESB's biggest battery storage plant in Ireland?

(EUR 1 = USD 1.078) Irish state-owned utility ESB on Wednesday opened a 75-MW/150-MWh battery energy storage plant, currently Ireland's largest, at its Poolbeg site in Dublin.

Where is ESB delivering a new battery energy storage system?

This latest battery energy storage system (BESS), currently the largest site of its kind in commercial operation in Ireland, is part of ESB's pipeline of projects which are being delivered at sites in Dublin and Cork - representing an investment of up to €300m.

## Dublin Electrochemical Energy Storage

### ESB officially launches Poolbeg energy ...

ESB has officially opened a battery plant at its Poolbeg site in Dublin which will add 75MW (150MWh) of energy storage to help provide ...
