Battery Cluster**

## Overview

---

Will New Zealand invest in battery energy storage systems?

The Electricity Authority Te Mana Hiko has published a draft two-year roadmap that sets out our work to support investment in battery energy storage systems (BESS). BESS will become increasingly important in the future as New Zealand's power system relies on more intermittent and variable generation. Work set out in the roadmap includes:.

Will Contact Energy build a 100-megawatt battery plant in South Auckland?

Contact Energy and Tesla are collaborating to build a similar 100-megawatt plant at Glenbrook in South Auckland. Contact Energy chief executive Mike Fuge expects more projects along the lines of its new battery project in South Auckland to soon come to light, now the uncertainty around the Tiwai Point aluminium smelter has been resolved.

What is the first Renewable Project in New Zealand?

01 JUL 2024 Contact's first renewable project in Auckland to start immediately. Tesla selected as battery energy storage system supplier, the first Megapack 2 XL project in New Zealand. The battery system will discharge stored energy at a split second to significantly improve security of energy supply to New Zealanders.

Could a Tesla Megapack 2 XL battery storage system be built in South Auckland?

A Tesla Megapack 2 XL battery storage system next to a solar array farm. Contact Energy and Tesla are collaborating to build a similar 100-megawatt plant at Glenbrook in South Auckland. A Tesla Megapack 2 XL battery storage system next to a solar array farm.

## Energy storage charging pile in Auckland New Zealand

### Battery energy storage systems roadmap released

The Electricity Authority Te Mana Hiko has published a draft two-year roadmap that sets out our work to support investment in battery energy storage systems (BESS). BESS ...
