

**EQACC SOLAR**

# **Free consultation on 100kWh mobile energy storage container in Male**

## Overview

---

What is a mobile energy storage system?

On the construction site, there is no grid power, and the mobile energy storage is used for power supply. During a power outage, stored electricity can be used to continue operations without interruptions. Maximum safety utilizing the safe type of LFP battery (LiFePO4) combined with an intelligent 3-level battery management system (BMS);.

What is energy storage container?

SCU uses standard battery modules, PCS modules, BMS, EMS, and other systems to form standard containers to build large-scale grid-side energy storage projects.

How can a mobile energy storage system help a construction site?

Integrate solar, storage, and charging stations to provide more green and low-carbon energy. On the construction site, there is no grid power, and the mobile energy storage is used for power supply. During a power outage, stored electricity can be used to continue operations without interruptions.

What energy storage container solutions does SCU offer?

SCU provides 500kwh to 2mwh energy storage container solutions. Power up your business with reliable energy solutions. Say goodbye to high energy costs and hello to smarter solutions with us.

**Free consultation on 100kWh mobile energy storage container in M**

**100kwh 200kwh Liquid Cooling Modular LiFePO4 Battery Commercial Energy**

100kwh 200kwh Liquid Cooling Modular LiFePO4 Battery Commercial Energy Storage System Container  
 US\$100,000.00 - 200,000.00 1 Piece (MOQ) Port: Shanghai, China
