## Overview

---

### Will Georgia Power Buy a Tesla Megapack unit?

Tesla Megapack unit with doors open. Georgia Power will procure Megapacks for the 500MW/2,000MWh portfolio. Image: Tesla Georgia Power has secured a battery and equipment supply agreement (BESA) with Tesla for a 500MW/2,000MWh BESS portfolio made up of four projects of varying sizes under development by the investor-owned utility (IOU).

### Will Georgia Power install battery storage facilities at Robins & Moody Air Force bases?

As part of its 2023 IRP Update released last year, Georgia Power revealed its plans to install battery storage facilities at the site of two operational solar projects at Robins and Moody US Air Force Bases, despite these details being presented as new information in the recent press release from the utility.

### Is a 2gwh battery energy storage system being built in Saudi Arabia?

A 2GWh battery energy storage system (BESS) project has gone into operation in Saudi Arabia, according to the EPC firm which delivered it. Project owners BSTOR and Energy Solutions Group have started building separate BESS projects totalling 440MWh of capacity in Belgium, following financial close, both of which will use Tesla Megapacks.

### Does Georgia Power have a battery deal with Tesla?

A Georgia Power announcement revealed details of filings submitted to the Georgia Public Service Commission (PSC) on 16 August, as the utility seeks the regulator's approval for the portfolio buildout. It did not however mention the battery deal with Tesla, along with accompanying EPC agreements.
