

EQACC SOLAR

Georgia RV solar container lithium battery Pack

Overview

Why do you need an RV battery system?

A well-matched, properly expanded system will give you more flexibility, faster charging, and longer off-grid runtime. Power your adventure with a complete RV battery system. LiTime off-grid kits offer reliable, long-lasting LiFePO4 power for ultimate freedom.

Will a solar system work on a 30amp or 50amp RV?

This full system is designed to work on both 30amp or 50amp RVs. Safety is our number one priority when installing a solar system. If done wrong, a solar system could catch fire inside your RV. Below are the safeguards we install to keep your RV safe. Ferrules vs. No Ferrules **CALL NOW TO BOOK AN APOINTMENT!**

How long does the RV battery kit last?

Reliable for 2 days of basic camping use with essential appliances. Ideal for 3-5 days of moderate off-grid living. Supports 24/7 use of high-load appliances with solar optimization. Ultimate setup for off-grid living, overland expeditions, or work rigs. How is the RV battery kit shipped?

Will everything arrive together?

.

How can I save money on my RV solar installation?

You can save significantly on your RV solar installation by utilizing the Federal Solar Tax Credit. In 2024, the tax credit for solar installation is 30% of the total cost, which includes both labor and parts. If you want to determine your eligibility for this tax credit, reach out to your tax professional or check out the link provided below.
