## Overview

---

How to choose a solar energy company in Vietnam?

As solar is becoming cheaper and more popular, choosing among the many solar energy companies in Vietnam is getting harder, especially so as each installer may offer you different packages, services and energy solutions. Finding the right solar installer for your roof is important in ensuring a hassle-free installation that you are satisfied with.

Where can I find a rooftop solar contractor in Hanoi?

They primarily specialise in investment focused rooftop and developer rooftop solar projects, while also offering general contractor services such as project implementation, operation and maintenance of rooftop solar power projects. Address: No 23, BT3, Phap Van-Tu Hiep, Hoang Liet, Hoang Mai, Hanoi City.

How much solar power does Vietnam have?

Industry overview According to the International Renewable Energy Agency (IRENA), the installed solar power capacity, which is the maximum capacity that a solar system is designed to run at in Vietnam, accounts for more than a third of Vietnam's total renewable energy capacity at 18,854 GW in 2023.

How many rooftop solar projects are there in Vietnam?

Vietnam currently has approximately 103,000 rooftop solar power projects across residential, commercial, and industrial buildings, boasting a total installed capacity of over 9,500 MW. By 2030, Vietnam aims to significantly increase its solar capacity, projecting that 50 percent of households will have rooftop solar installations.
