**High quality 1200 amp breaker
in Canada**

Overview

Can a 1200 amp circuit breaker be used in a commercial building?

It is very uncommon today (there are some available). It would not be done for any typical commercial building. On another note, a 1200 amp main breaker feeding a distribution board often has 1.5 -2.5X in circuit breaker capacity attached ie the circuit breakers would add up to 2000 amps or so.

Do I need a breaker with 1200 amps?

A: Thomas: Per 240.87, any breaker that is greater than or can be adjusted to 1200Amps must be equipped with the technology. In actuality, especially if you employ ARMs, applying the technology on feeder circuits minimizes the outage should an event occur.

How long does it take Canada breakers to ship?

Canada Breakers offers one to five day delivery in Canada & United States. The variation depends on the warehouse location for the product (s). We strive to ship out your items within one business day. In rare circumstances, Canada Breakers may reserve up to 5 business days to complete shipment.
