solar container energy storage  
system manufacturer**

## Overview

---

What is solar & storage live Vietnam?

At Solar & Storage Live Vietnam, we'll explore: MOUNTING, ASSEMBLY & RACKING Getting to grips with the major issues affecting large-scale solar project developers and their partners. Driving the proliferation of commercial & industrial rooftop solar projects across Vietnam, greening operations and reducing operating costs.

Where is Trina Solar based?

Ho Chi Minh (08 May 2024) – Trina Solar, a global leader in smart PV and energy storage solutions, has been steadily ramping up production at its manufacturing facility in northern Vietnam, demonstrating its commitment to the local market.

Why is solar important in Vietnam?

WHY VIETNAM?

Solar is a significant part of Vietnam's renewable energy strategy. State-owned utilities are investing in utility scale floating solar projects, the government is offering generous incentives for rooftop solar and large energy users are adopting onsite solar at an increasing rate.

Is Trina Solar a good choice for Vietnam?

"Trina Solar modules use dual-glass, useful for challenging environments like these where proximity to the sea means higher humidity and salt spray," says Wang. "Solar energy is the right choice for Vietnam because it's proven technology that can be quickly and readily deployed, even in challenging sites," she adds.
