## Overview

---

How much solar energy does Honduras produce?

In 2016, the state power energy company ENEE cited that 10.2% of the nation's electrical system was generated from solar sources, specifically through PV power plants. This is a major breakthrough since Honduras becomes the first non-island nation to exceed the 10% mark in terms of solar energy production.

Who makes solar panels?

SolarTech Universal is an American solar panel manufacturing company that is based in Riviera Beach, Florida. SunSpark Technology. SunSpark Technology is relatively new to the solar panel manufacturing business, but the company is still considered as a globally recognized brand for solar panel manufacturers. SolarWorld Americas.

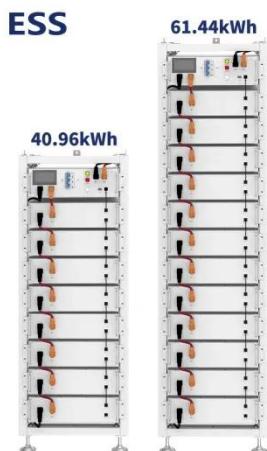

Does Honduras have a photovoltaic boom?

Honduras also leads other Central American nations in terms of the amount of installed PV capacity and is only second to Chile in all of Latin America. This energy revolution is spurring more development in Honduras and there are many investors hoping to take advantage of the photovoltaic boom in the country.

Is Honduras a good country for solar energy?

This is a major breakthrough since Honduras becomes the first non-island nation to exceed the 10% mark in terms of solar energy production. Honduras also leads other Central American nations in terms of the amount of installed PV capacity and is only second to Chile in all of Latin America.
