How many energy storage companies in Germany in 2025?

Detailed info and reviews on 27 top Energy Storage companies and startups in Germany in 2025. Get the latest updates on their products, jobs, funding, investors, founders and more.

How is energy supplied in Berlin?

Berlin's urban area is supplied with energy via approx. 900 km of high voltage cable, 10,900 km of medium voltage cable and 23,900 km of low voltage cable. We use this to ensure that every part of Berlin has a secure energy supply. However, not every district has cables at all voltage levels.

What is energy storage?

Energy Storage forms part of the Energy industry, which is the 14th most popular industry and market group. If you're interested in the Energy market, also check out the top Energy & Cleantech, Renewable Energy, Recycling, Oil & Gas or Energy Efficiency companies. We offer an environmentally friendly and inexpensive home energy storage.

What is hypnetic's energy storage technology?

Hypnetic's energy storage technology consists of established components of the hydraulic and pneumatic industry. For control, monitoring and optimisation we use our AI-based Management Software. With the bidirectional components the electrical energy can be made usable again by the gas expansion at any time.
