

**EQACC SOLAR**

# **Huawei ASEAN Vanadium Energy Storage Project**

## Overview

---

Does Huawei have a Bess solution for Terra solar?

Regarding large-scale BESS deployment, Huawei recently provided its Smart String ESS LUNA2000-2.0MWH-4HL batteries combined with its Luna 2000-200KTL-HO inverters for a 204MW system in Romania. While the company did not explicitly mention the BESS solution for the Terra Solar project, it did provide details on the features it will include.

What is Huawei's largest energy supply agreement?

The BESS supply agreement marks Huawei's largest to date. Construction started on the Meralco Terra Solar solar-plus-storage project in November 2024. The site is claimed to be the world's largest integrated power plant that combines the two technologies.

Will Huawei provide a 4.5gwh Bess for Meralco Terra solar project?

Huawei has secured a supply agreement to provide a 4.5GWh BESS for the Meralco Terra Solar project in the Philippines.

Who presented the 8th ASEAN Energy Outlook (aeo8)?

Dr. Andy presented the newly released 8th ASEAN Energy Outlook (AEO8) to Hou Jinlong, Director of the Board of Huawei and President of Huawei Digital Power, and Xie Qian, Marketing Director of Huawei APAC Digital Power.
