# Huawei fast charging fast outdoor power brand

## Overview

---

What is Huawei EV supercharger?

Today, Huawei launched a brand-new fully liquid-cooled 1.5 megawatt-class supercharger for EVs (electric vehicles). It is the industry's first completely liquid-cooled charging solution that aims to deliver faster and power-efficient services.

Can Huawei EV charger charge a heavy truck?

Huawei 1.5 megawatt charging solution claims to charge a heavy truck up to 90% within 15 minutes. Meanwhile, reloading will be 4x higher than other charging piles. Speaking of efficiency, the new EV charger is 30% more efficient and costs 20% less in the operational segment compared to previous-gen charging solutions.

What is Huawei intelligent electric & intelligent charging network?

Today, Huawei advanced the state of electric vehicle infrastructure, unveiling what it describes as the industry's first fully liquid-cooled megawatt fast-charging solution at its "2025 Huawei Intelligent Electric & Intelligent Charging Network Launch Conference."

Which fast car charger is compatible with Huawei models?

Another fast car charger that is compatible with the following Huawei models : Huawei Mate 10 Pro Huawei mate 10 Huawei Mate 9 Pro Huawei Mate 9 Huawei P10 Plus Huawei P10 and Honor V10. This particular model offers a fast charging of 65W. Remember that to enjoy SuperCharge charging you must use an original Huawei cable.
