# Huawei s container energy storage plant in Johannesburg South Africa

## Overview

---

Does Huawei have a Smart Warehousing facility in South Africa?

(Source: Huawei) Chinese multinational Huawei has opened a smart warehousing facility focused on green energy, e-security, and modern logistics (GEM) this week in Johannesburg, South Africa. The facility is equipped with advanced artificial intelligence (AI) for access control and the latest warehouse management system applications.

How does Huawei South Africa's warehouse work?

"The warehouse facility is split into two sections, one section is dedicated to in and outbound tech movement, while the other section handles localized supplies and spare parts," Stevin du Plessis, logistics manager for Huawei South Africa's supply chain business department, explained during a tour of the facility in Johannesburg.

Will Huawei South Africa revolutionise logistics operations in Africa?

Huawei South Africa has launched its leading smart warehouse solution in Johannesburg. This strategic investment has the potential to revolutionise logistics operations in Africa.

How is Huawei transforming Africa's Logistics Sector?

Huawei is transforming Africa's logistics sector by introducing intelligent systems to enhance efficiency and reduce costs. This smart warehouse represents the future of the industry and showcases Huawei's commitment to innovation in Africa.
