

EQACC SOLAR

Indonesia s largest solar glass company

Overview

Can Indonesia become the world's largest solar panel supplier?

Indonesia has the potential to become one of the world's largest solar panel suppliers by utilising its reserves of quartz sand or silica sand its Minister of Investment/Head of Investment Coordinating Board (BKPM) Bahlil Lahadalia said on Friday.

Where will Indonesia's glass industry ecosystem be built?

(The Indonesian Cabinet Secretariat) The downstream glass industry ecosystem will be built on Rempang Island, Batam City, Riau Islands Province, in collaboration with the world's largest glass company from China, Xinyi Glass.

What is Indonesia doing with Xinyi Glass?

The Minister explained that Indonesia has secured US\$11.6 billion of investment commitment from a cooperation agreement with Xinyi Glass, the world's largest glass company. " [It] will be the largest factory built outside the PRC," he emphasized.

Will Xinyi group build a second-largest glass factory in Indonesia?

He also mentioned that Xinyi Group is planning to build the second-largest glass factory in the world in Indonesia, second only to its main facility in China. It is expected that the factory will later make Indonesia one of the world's largest solar panel suppliers, he added. "We do not want Indonesia to advance in the nickel sector only.
