# Industrial AC Uninterruptible Power Supply

✓ LIQUID/AIR COOLING

✓ INTELLIGENT INTEGRATION

✓ PROTECTION IP54/IP55

✓ BATTERY /6000 CYCLES

## Overview

---

What is a chloride uninterruptible power supply (UPS) system?

Chloride's uninterruptible power supply (UPS) systems are installed in hazardous, safety critical industrial environments that operate the heaviest of heavy machinery and are often found in challenging locations, such as offshore drilling platforms.

What is a chloride® fp70ze uninterruptible power supply (UPS)?

The Chloride® FP70ZE Uninterruptible Power Supply (UPS) is a true industrial AC UPS system offering a full-IGBT innovative design and embedding all the latest technologies in power protection Find out more The world's first low carbon UPS solution to protect the power that decarbonises the world.

What is an industrial UPS system?

The industrial UPS systems produced by SCU, a professional UPS supplier, are specially designed for industrial application with high performance, high efficiency and high protection level. The industrial UPS system provides uninterrupted high-quality industrial uninterruptible power supply for modern manufacturing.

Are battery-backed uninterruptable power supplies reliable?

Reliability of power sources is an increasing challenge in many sectors and battery-backed uninterruptable power supplies (UPS) are one option to protect and keep electronic equipment operating in the event of grid power failure.

## Industrial AC Uninterruptible Power Supply

### Uninterruptible power supply (UPS) For large-scale ...

Uninterruptible power supply (UPS) For large-scale equipment applications (three-phase, 100 kVA or larger) Natural disasters such as typhoons and lightning strikes as well as ...
