Schneider Electric Ireland. Discover Solar inverters and solar power solutions from Schneider Electric. Our green solar business provides the complete solution for the solar power conversion chain.

What is a solar inverter?

A solar inverter is an integral component of the solar electric power system; it is responsible for inverting energy from direct current (DC) to alternating current (AC). Different types of solar power inverters might be used depending on a solar system's varying requirements. Broadly, there are two kinds of solar inverters:.
