

EQACC SOLAR

Irish Solar Engineering Systems

Overview

What is solar Ireland?

Solar Ireland (formerly the Irish Solar Energy Association) is the trusted voice of Ireland's solar industry. We represent the sector through policy engagement, collaboration, and education - working to maximise the role of solar in delivering a decarbonised, equitable, and secure energy system.

What makes solar Ireland unique?

At Solar Ireland, our work is guided by a clear set of values: Sustainability-Driven: We champion clean, renewable energy as the foundation of Ireland's low-carbon future. Innovation-Led: We embrace new ideas and technologies that accelerate solar adoption and reduce costs.

What does your role in Ireland's Solar Revolution mean?

Whether you're a developer, investor, policymaker, or advocate, your role in Ireland's solar revolution matters. Supporting Ireland's energy transition and a sustainable future through solar Solar Ireland (formerly the Irish Solar Energy Association) is the trusted voice of Ireland's solar industry.

Who are eirsun solar?

We are one of the emerging solar energy companies in Ireland. Eirsun's Solar Products & Services include: Solar Diverter. Solar Installation and Commissioning. Solar Project Maintenance.
