Who are eirsun solar?

We are one of the emerging solar energy companies in Ireland. Eirsun's Solar Products & Services include: Solar Diverter. Solar Installation and Commissioning. Solar Project Maintenance.

What is a ground-mounted solar system?

Ground-mounted systems are often the ideal solution when roof space is an issue, such as with modest, old, or heritage buildings, or when a roof is unsuitable for supporting solar panels. They also allow for the panels to be optimally positioned and angled to maximise sun and daylight exposure, which helps optimise energy production.
